

GEAR MOTOR - TYPE 923

PRESENTATION

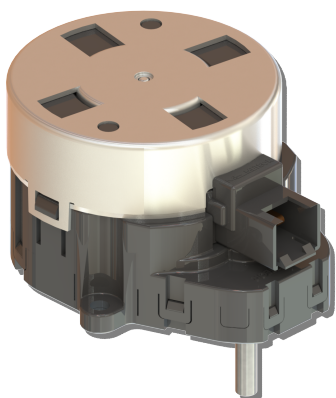

METEOR produces innovative components for household appliances and the professional sector and has recently designed a new family of gear motors named **TYPE 923** which guarantees high performance, reliability and mostly long life.

This oval shape motor 923, available in both AC and DC versions, provides a wide power supply range and the electrical connection through RAST 2,5 fast connector. It is made of selected, carefully tested materials, to ensure high quality standards and very low noise.

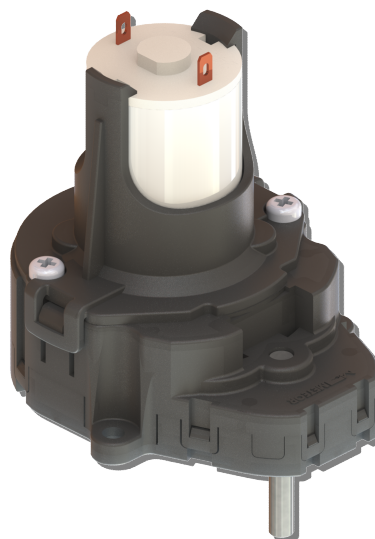

The main advantages of this solution are the **INCREASE OF LIFE DURATION** and high **ENERGY EFFICIENCY**.

It is geometrically interchangeable and reliable for main application areas, particularly used in professional equipment.

MR 923 AC

MR 923 DC

GEAR MOTORS 923 PERFORMANCES

		MR 923 AC	MR 923 DC
Power	W	Up to 8	Up to 3
Max Torque	Ncm	20 - 300	150 - 300
Speeds	Rpm	1,3 - 30	6 - 150

Our supplies are characterized by:

- high product reliability;
- flexibility and timeliness to meet customer's requirements;
- competitive costs as the result of continuous improvement of productive efficiency.
